Celebrating the Generosity of Our Volunteers and Donors

The success of our programs is a testament to the kindness of those who contribute their time and resources. Thank you to our hundreds of volunteers and donors for being the heart and soul of the Type 1 United mission.

Volunteers

Type 1 United programs are made possible with the support of 163 volunteers.

Out of the **9539** hours spent on programs 74% of those hours are done by dedicated volunteers.

Participants

Camp Leo participants first time at programming.

Connect1D Family Camp participants first time at programming.

Connect1D Family Camp participants diagnosed in the last two years.

Camp Leo Participants diagnosed in the last two years.

Financials

\$53,020

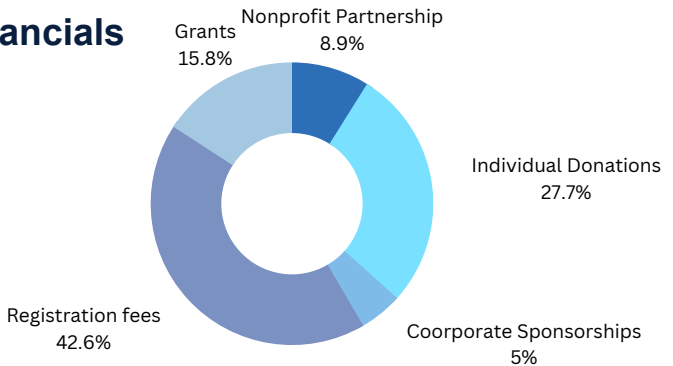

Distributed in scholarships for all three programs.

Participants receiving subsidized rates for programs.

Families and children receiving need based scholarships.

2023 Type 1 United Income Breakdown

Don't just take our word for it, here's what our 2023 program participants have to say.

“ Being able to connect with other families who have Type 1 makes a huge difference. You realize that you're not alone and that you've got people who understand where you're coming from. Instead of just seeing the challenges, you see the solutions, and the things that we can do together. ”
Family Camp Participant

“ Camp Leo is a gift to kids and caregivers both. Knowing that our kiddo was having a fun, empowered and independent experience during the first year of adjusting to a new T1D diagnosis helped to normalize things for all of us. He can't wait to go back next year. ”
